

The Emerson

ROOFTOP TERRACE & PENTHOUSE STUDIO OPTION 2

343 SQ. FT. LIVING SPACE
480 SQ. FT. STANDARD TERRACE

The rooftop terrace is the area shown with the grid of “pavers.” The colored area enclosing the stairs is inside space, finished to the same quality at the rest of the home. The rest of the white roof area is not part of the terrace and is not designed to be used. The area of the pavers can generally be customized (increased or decreased) at the time of construction.
